A Song Called Home Sara Zarr 2022-03-15 From award-winning author Sara Zarr comes a story of the small moments that show us who we are, and how family is not just something you're part of, but something you make. Lou and her family don't have much, but for Lou it's enough. Mom. Her sister, Casey. Their apartment in the city. Her best friend, Beth. It would be better if Dad could stop drinking and be there for her and Casey, and if they didn't have to worry about money all the time. But Lou doesn't need better—she only needs enough. What's enough for Lou, however, is not enough for Mom. Steve, Mom's boyfriend, isn't a bad guy, he's just...not what Lou is used to. And now, he and Mom are getting married, and that means moving. Packing up life as they've known it and storing it in Steve's garage. Lou will be separated from everything in her small but predictable life, farther from Dad than ever. Their last night in the city, Lou receives a mysterious birthday gift: A guitar, left for her by their front door. There's nothing saying who left it, but it must be from Dad. And as she leaves the only place she's ever known, she starts to believe that if she can learn how to play it, maybe she can bring a piece of him, and of her old life, home.

RTI worked with education experts to develop the EGRA in 2006, and it has been piloted and implemented in more than 40 countries. This volume aims to take stock of the substantial amount of information and experience generated through the use of EGRA, and to share this knowledge with practitioners, policymakers, and international donors. Chapters cover not only particular applications of the instrument but also put EGRA in the context of broader issues and developments in literacy and education.

But the spell works, and Ash discovers that the world Kristin created is actually a real place, with real inhabitants and very real danger. But if Koretris is real, why is Ash there? In Real Life Cory Doctorow 2014-10-14 Anda loves Coarsegold Online, the massively-multiplayer role playing game that she spends most of her free time on. It's a place where she can be a leader, a fighter, a hero. It's a place where she can meet people from all over the world, and make friends. Gaming is, for Anda, entirely a good thing. But things become a lot more complicated when Anda befriends a gold farmer -- a poor Chinese kid whose avatar in the game illegally collects valuable objects and then sells them to players from developed countries with money to burn. This behavior is strictly against the rules in Coarsegold, but Anda soon comes to realize that questions of right and wrong are a lot less straightforward when a real person's real livelihood is at stake. From acclaimed teen author Cory Doctorow and rising star cartoonist Jen Wang, *In Real Life* is a sensitive, thoughtful look at adolescence, gaming, poverty, and culture-clash.
