*Greek to GCSE: Part 1* John Taylor 2016-09-08 First written in response to a JACT survey of over 100 schools, and now endorsed by OCR, this textbook has become a standard resource for students in the UK and for readers across the world who are looking for a clear and thorough introduction to the language of the ancient Greeks. Revised throughout and enhanced by coloured artwork and text features, this edition will support the new OCR specification for Classical Greek (first teaching 2016). Part 1 covers the basics and is self-contained, with its own reference section. It covers the main declensions, a range of active tenses and a vocabulary of 250 Greek words to be learned. Pupil confidence is built up by constant consolidation of the material covered. After the preliminaries, each chapter concentrates on stories with one source or subject: Aesop, Homer's Odyssey and Alexander the Great, providing an excellent introduction to Greek culture alongside the language study. Written by a long-time school teacher and examiner, this two-part course is based on experience of what pupils find difficult, concentrating on the essentials and on the understanding of principles in both accidence and syntax: minor irregularities are postponed and subordinated so that the need for rote learning is reduced. It aims to be user-friendly, but also to give pupils a firm foundation for further study.

Cat Among the Pigeons Kit Wright 1989-05-25 A brilliantly funny collection of poems involving everyone's favourite anti-hero Dave Dirt, the extraordinary afternoon of a prawn and the mysterious tale of Zoe's earrings. Witty, touching and clever - this is a classic collection from the irreverent Kit Wright.

**The Satires of Horace and Persius** Horace 2005-09-29 The Satires of Horace (65-8 BC), written in the troubled decade ending with the establishment of Augustus' regime, provide an amusing treatment of men's perennial enslavement to money, power, glory and sex. Epistles I, addressed to the poet's friends, deals with the problem of achieving contentment amid the complexities of urban life, while Epistles II and the Ars Poetica discuss Latin poetry - its history and social functions, and the craft required for its success. Both works have had a powerful influence on later Western literature, inspiring poets from Ben Jonson and Alexander Pope to W. H. Auden and Robert Frost. The Satires of Persius (AD 34-62) are highly idiosyncratic, containing a courageous attack on the poetry and morals of his wealthy contemporaries - even the ruling emperor, Nero.

Electra and Other Plays Euripides 2009-01-01 In Electra and Other Plays we have a collection of five of the classical dramatist Euripides' best plays. In the title work Electra, before the events of this play, the Greek general Agamemnon sacrificed a daughter to appease the gods and gain permission to sail for Troy. His wife Clytemnestra never forgave him, and upon his return she and her lover murder him. Euripides picks up the story with the children of Agamemnon and Clytemnestra, the young Electra, who has been sent to live on a farm, and her brother Orestes, who was sent to grow up abroad. Though they are more or less exiled to quench their desire to avenge their father's death, both are still quite determined to do so. Electra is fixated by dreams of revenge, and she eagerly awaits the return of Orestes, who will aid her in vengeance. Also included in this work are the following additional plays: Andromache, Hecuba, The Suppliants, and The Trojan Women.

**Greek Beyond GCSE** John Taylor 2017-09-07 Greek Beyond GCSE covers all the linguistic requirements for the OCR AS and A Level in Classical Greek. It aims to bring students to a point where they can tackle original Greek texts with confidence. Although designed as a continuation of Greek to GCSE, it is self-contained and can be used independently. This second edition is brought in line with the current OCR specifications. The first part of the book introduces new constructions accompanied by exercises including the translation of sentences from English to Greek and reading passages (which in the opening chapters are lightly adapted). The next sections provide translation and comprehension passages at both AS and A Level standard, including verse unseens, scansion, and a list of 300 common poetic words (new to this edition). Next come longer unadapted extracts from a range of authors. Finally there is a reference section including a summary of all constructions, a comprehensive grammar, various appendices and a vocabulary of about 1,200 Greek words.

Coram Boy Helen Edmundson 2005 A heartbreaking tale of orphans, angels, murder and music - dramatised from the Whitbread Award-winning novel set in 18th-century England. In 18th-century Gloucestershire, the evil Otis Gardner preys on unmarried mothers, promising to take their babies (and their money) to Thomas Coram's hospital for foundling children. Instead, he buries the babies and pockets the loot. But Otis's downfall is set in train when his half-witted son Meshak falls in love with a young girl, Melissa, and rescues the unwanted son she has had with a disgraced aristocrat. The child is brought up in Coram's hospital, and proves to have inherited the startling musical gifts of his father - gifts that ultimately bring about his father's redemption and a heartbreaking family reunion. Helen Edmundson's adaptation of Jamila Gavin's award-winning novel, Coram Boy, was first performed at the National Theatre, London, in 2005. It won the Time Out Live Award for Best Play. 'A rich and almost Gothic drama' - Philip Pullman

Serious Concerns Wendy Cope 2009-10-29 Wendy Cope's first book of poems and parodies, Making Cocoa for Kingsley Amis, went straight into the bestseller lists. Its successor, Serious Concerns has proved even more popular, addressing such topics as 'Bloody Men', 'Men and Their Boring Arguments', 'Two Cures for Love', 'Kindness to Animals' and 'Tumps' (Typically Useless Male Poets).

*Lysistrata and Other Plays* Aristophanes 2003-01-30 The Acharnians/The Clouds/Lysistrata 'We women have the salvation of Greece in our hands' Writing at a time of political and social crisis in Athens, the ancient Greek comic playwright Aristophanes was an eloquent, yet bawdy, challenger to the demagogue and the sophist. In Lysistrata and The Acharnians, two pleas for an end to the long war between Athens and Sparta, a band of women on a sex strike and a lone peasant respectively defeat the political establishment. The darker comedy of The Clouds satirizes Athenian philosophers, Socrates in particular, and reflects the uncertainties of a generation in which all traditional religious and ethical beliefs were being challenged. Translated with an Introduction and Notes by Alan H. Sommerstein

**Lysias** Lysias 2000 This is the second volume in the Oratory of Classical Greece series. Planned for publication over several years, the series will present all of the surviving speeches from the late fifth and

fourth centuries B.C. in new translations prepared by classical scholars who are at the forefront of the discipline. These translations are especially designed for the needs and interests of today's undergraduates, Greekless scholars in other disciplines, and the general public. Classical oratory is an invaluable resource for the study of ancient Greek life and culture. The speeches offer evidence on Greek moral views, social and economic conditions, political and social ideology, and other aspects of Athenian culture that have been largely ignored: women and family life, slavery, and religion, to name just a few. This volume contains all the complete works and eleven of the largest fragments attributed to Lysias, the leading speechwriter of the generation (403-380 B.C.) after the Peloponnesian War, who was also one of the finest and most deceptive storytellers of all time. As a noncitizen resident in Athens, Lysias could take no direct part in politics, but his speeches, written for clients to deliver in court, paint vivid pictures of various private and public disputes: one speaker defends himself on a charge of murdering his wife's lover, while another is accused of having caused the deaths of democratic activists under the short-lived oligarchy of the Thirty (404/3), despite his claim to be protected by the amnesty that accompanied the restoration of democracy in 403.

*Greek Historians* John Marincola 2001-12-13 This survey of more recent work on Herodotus, Thucydides and Polybius synthesises some of the most important research from the last few decades.

*The New Bath Guide; Or, Useful Pocket Companion* 1799

*The Rise And Fall of Athens* Plutarch 2024-02-29 Plutarch traces the fortunes of Athens through nine lives - from Theseus, its founder, to Lysander, its Spartan conqueror - in this seminal work What makes a leader? For Plutarch the answer lay not in great victories, but in moral strengths. In these nine biographies, taken from his Parallel Lives, Plutarch illustrates the rise and fall of Athens through nine lives, from the legendary days of Theseus, the city's founder, through Solon, Themistocles, Aristides, Cimon, Pericles, Nicias and Alcibiades, to the razing of its walls by Lysander. Plutarch ultimately held the weaknesses of its leaders responsible for the city's fall. His work is invaluable for its imaginative reconstruction of the past, and profound insights into human life and achievement. This edition of Ian Scott-Kilvert's seminal translation, fully revised with a new introduction and notes by John Marincola, now also contains Plutarch's attack on the first historian, 'On the Malice of Herodotus'.

*The Child's Elephant* Rachel Campbell-Johnston 2014 "When a baby elephant is orphaned on the African savannah, a young boy named Bat takes her home. But Bat's grandmother knows that Meya cannot stay with them for ever; the call of the wild will always be sounding in her soul. Then Bat and his best friend are snatched by soldiers and catapulted into a terrifying new life. Will the bond between Bat and Meya be strong enough to save them?"--Page 4 of cover.

**GCSE Additional Science** 2006 Serving as a suite of complementary specifications, this title offers options for science at GCSE. Its specifications and resources are the products of collaboration between the University of York Science Education Group, the Nuffield Curriculum Centre, OCR, and Oxford University Press.

**Too Black, Too Strong** Benjamin Zephaniah 2001 Addresses the problems of Black Britain. This work includes poems written, while the author was working with Michael Mansfield QC on the Stephen Lawrence case and other high profile political trails. It is hard hitting and blackly funny.

**Two Centuries of Roman Poetry** Arthur Robin Davis 1998-01-01 First published by Macmillan in 1964, this volume is designed to introduce students to a wider range of Latin poetry than they would encounter in a simple author prescription. The first century BC is represented by Lucretius and Catullus, the Augustan era by Virgil, Horace and Ovid, and the Silver age by Juvenal and Martial. Passages are chosen for their own intrinsic interest - Ovid on Romulus and Remus, Juvenal on the dangers of Rome at night, the shield of Aeneas from Virgil Aeneid VIII ; they cover a wide variety of genres and styles - both Satires and Odes of Horace, elegiacs from the Fasti and hexameters from the Metamorphoses of Ovid. There are extensive notes on language and content, an introduction on metre and a full vocabulary.

*Alphabet to Email* Naomi S. Baron 2002-06-01 In Alphabet to Email Naomi Baron takes us on a fascinating and often entertaining journey through the history of the English language, showing how technology - especially email - is gradually stripping language of its formality. Drawing together strands of thinking about writing, speech, pedagogy, technology, and globalization, Naomi Baron explores the ever-changing

relationship between speech and writing and considers the implications of current language trends on the future of written English. Alphabet to Email will appeal to anyone who is curious about how the English language has changed over the centuries and where it might be going.

*Electronic Principles* Albert Paul Malvino 2020-02 "Electronic Principles, eighth edition, continues its tradition as a clearly explained, in-depth introduction to electronic semiconductor devices and circuits. This textbook is intended for students who are taking their first course in linear electronics. The prerequisites are a dc/ac circuits course, algebra, and some trigonometry. Electronic Principles provides essential understanding of semiconductor device characteristics, testing, and the practical circuits in which they are found. The text provides clearly explained concepts-written in an easy-to-read conversational style-establishing the foundation needed to understand the operation and troubleshooting of electronic systems. Practical circuit examples, applications, and troubleshooting exercises are found throughout the chapters"--*The Athenian Empire* Robin Osborne 2000 This very useful volume translates part of Hill's Sources for Greek History (478-431 BC) with other material relating to the Athenian Empire. This revised edition builds on the work of previous editors (Davies, Clayton and Meiggs) and includes a detailed bibliography.

**The Withered Arm and Other Stories 1874-1888** Thomas Hardy 2006-08-31 "See if she is dark or fair, and if you can, notice if her hands be white; if not, see if they look as though she had ever done housework, or are milker's hands like mine." So Rhoda Brook, the abandoned mistress of Farmer Lodge, is jealous to discover details of his new bride in 'The Withered Arm', the title story in this selection of Hardy's finest short stories. Hardy's first story, 'Destiny and a Blue Cloak' was written fresh from the success of Far From the Madding Crowd. Beautiful in their own right, these stories are also testing-grounds for the novels in their controversial sexual politics, their refusal of romance structures, and their elegiac pursuit of past, lost loves. Several of the stories in The Withered Arm were collected to form the famous volume, Wessex Tales (1888), the first time Hardy denoted 'Wessex' to describe his fictional world. The Withered Arm is the first of a new two-volume selection of Hardy's short stories, edited with an introduction and notes by Kristin Brady.

*Operating Systems* Remzi H. Arpaci-Dusseau 2018-09 "This book is organized around three concepts fundamental to OS construction: virtualization (of CPU and memory), concurrency (locks and condition variables), and persistence (disks, RAIDS, and file systems"--Back cover.

*Five Fields* Gillian Clarke 1998 Largely known as a poet of rural themes and of Wales, in this collection Clarke engages with the city in its human and material diversity. There are poems from Bosnia, France and the Mediterranean coast, together with poems from Wales, featuring its people and its creatures.

**Compendium of Roman History** Velleius Paterculus 1924 An imperial historian and an emperor's history. Velleius Paterculus, who lived in the reigns of Augustus and Tiberius (30 BC-AD 37), served as a military tribune in Thrace, Macedonia, Greece, and Asia Minor, and later, from AD 4 to 12 or 13, as a cavalry officer and legatus in Germany and Pannonia. He was quaestor in AD 7, praetor in 15. He wrote in two books "Roman Histories," a summary of Roman history from the fall of Troy to AD 29. As he approached his own times he becomes much fuller in his treatment, especially between the death of Caesar in 44 BC and that of Augustus in AD 14. His work has useful concise essays on Roman colonies and provinces and some effective compressed portrayals of characters. Res Gestae Divi Augusti. In his 76th year (AD 13-14) the emperor Augustus wrote a dignified account of his public life and work of which the best preserved copy (with a Greek translation) was engraved by the Galatians on the walls of the temple of Augustus at Ancyra (Ankara). It is a unique document giving short details of his public offices and honors; his benefactions to the empire, to the people, and to the soldiers; and his services as a soldier and as an administrator.

*Poems Series One* Emily Dickinson 2018-08-27 Emily Elizabeth Dickinson (December 10, 1830 - May 15, 1886) was an American poet. Dickinson was born in Amherst, Massachusetts into a prominent family with strong ties to its community. The third edition adds new texts to sections throughout the book, vividly describing women's sentiments and circumstances through readings on love, bereavement, and friendship, as well as property rights, breast cancer, female circumcision, and women's roles in ancient religions, including Christianity and pagan cults. **Stolen Light** Stewart Conn 1999 Presents more than one hundred poems by Scottish poet Stewart Conn, originally published from 1967-98.

**The Pot of Gold and Other Plays** Plautus 2004-07-01 One of the supreme comic writers of the Roman world, Plautus (c.254-184 BC), skilfully adapted classic Greek comic models to the manners and customs of his day. This collection features a varied selection of his finest plays, from the light-hearted comedy *Pseudolus*, in which the lovesick Calidorus and his slave try to liberate his lover from her pimp, to the more subversive *The Prisoners*, which raises serious questions about the role of slavery. Also included are *The Brothers Menaechmus*, which formed the prototype for Shakespeare's *The Comedy of Errors*, and *The Pot of Gold*, whose old miser Euclio is a glorious study in avarice. Throughout, Plautus breathes new, brilliant life into classic comic types - including deceitful twins, scheming slaves, bitter old men and swaggering soldiers - creating an entertaining critique of Roman life and values.

*The Agricola and Germania of Cornelius Tacitus* Cornelius Tacitus 1885
