**Family Maps of Racine County, Wisconsin, Deluxe Edition**

Gregory Alan Boyd 2010-05-20 176 pages with 38 total maps Locating original landowners in maps has never been an easy task-until now. This volume in the Family Maps series contains newly created maps of original landowners (patent maps) in what is now Racine County, Wisconsin, gleaned from the indexes of the U.S. Bureau of Land Management. But it offers much more than that. For each township in the county, there are two additional maps accompanying the patent map: a road map and a map showing waterways, railroads, and both modern and many historical city-centers and cemeteries. Included are indexes to help you locate what

you are looking for, whether you know a person's name, a last name, a place-name, or a cemetery. The combination of maps and indexes are designed to aid researchers of American history or genealogy to explore frontier neighborhoods, examine family migrations, locate hard-to-find cemeteries and towns, as well as locate land based on legal descriptions found in old documents or deeds. The patent-maps are essentially plat maps but instead of depicting owners for a particular year, these maps show original landowners, no matter when the transfer from the federal government was completed. Dates of patents typically begin near the time of statehood and run into the early 1900s. What's Mapped in this book (that you'll not likely find elsewhere) . . . 2687  
Parcels of Land (with original landowner names and patent-dates labeled in the relevant map) 22 Cemeteries plus . . .  
Roads, and existing Rivers, Creeks, Streams, Railroads, and Small-towns (including

some historical), etc. What YEARS are these maps for? Here are the counts for parcels of land mapped, by the decade in which the corresponding land patents were issued:  
Decade Parcel-count  
1830s 7  
1840s 2526  
1850s 146  
1870s 3

Racine Gerald L. Karwowski 2007-08-22 In November 1834, Capt. Gilbert Knapp staked a claim to 141 acres at the mouth of the Root River, naming it Port Gilbert. This site became the city of Racine. During the pioneer years, Racine was dubbed "the Belle City" of the Great Lakes (from the French word *belle*, meaning "beautiful"). The growth of this beautiful city and its harbor was captured in vintage postcards at a time when people sent little notes and messages to friends and family

the way people use e-mail and cell phones today. These cards are like vignettes showing the changes that have taken place since one century ago--a pictorial documentation of Racine preserved for future generations to enjoy.
