Feminism and Social

Change Heidi Gottfried 1996
"Fresh, original, and brings together in one place a set of authors who are very important to the field." -- Mary Margaret Fonow, coeditor of *Beyond Methodology: Feminist Scholarship as Lived Research*
"Finally, a collection dedicated to demonstrating precisely what it means to do feminist research " -- Madonna Harrington Meyer, University of Illinois at Urbana-Champaign
How likely is feminist research to promote change in society? Are some research methods more successful at bringing about change than others?
Contributors to this volume discuss principles of feminist inquiry, providing examples from their own experience and evaluating research practices for their potential to promote social change. The twelve chapters cover methodologies including ethnographic study, in-depth interviewing, naming, and going public. Also explored are consultative relationships between academic researchers and activist organizations,

participatory and advocacy research processes, and coalition building.

Spectral Sea Stephen G.

Nichols 2017 The essays in this book lay bare the dynamics of cultural confrontation between Europe and the Mediterranean world from medieval to modern times.

The Touch Aurore Leigh

Barrett 2013-10 "Fear Not my dear, Fear not of me Fear Not for fear shall not help thee The time is short, my plans are made Your casket shall be trimmed with jade." Thus begins Aurore Leigh Barrett's poem, "Fear Not" - an homage to one of her favorite poets, Edgar Allan Poe. It masterfully combines the macabre with the humorous. This stellar work, which Poe, no doubt, would wish he had written, is just one of a few poems in this current collection written in his honor - and one of many poems you will find that ably represent Barrett's enormous talent. This collection of poems and stories by Aurore Leigh Barrett invites you to step into the world of this creative artist, and sample

the breadth and depth of her literary world. Rather than being an exhaustive representation of a solitary style or mood, this book is a buffet of delights as it takes you from the lows of her loneliness to the heights of her happiness - from the dark and scary side of her imagination to the forthright and intelligent adventures of her alter-ego, Holly Hedges Whistler.

Through it all, we share in her view of the world, and the way she makes the most of every day this life has to offer. In "Stardust", Barrett tells how she begins each day - throwing a spoonful of stardust into the wind. "The Stardust flies, the light sparkles, the grass begins to twinkle as the blades catch each falling 'star', and the flowers bow their heads as if to receive this glistening gift." As Barrett lays bare her feelings, she tells us that writing is "a beautiful sweet torture of the soul". She tells us that "writing is the pain of pulling away precious bits of memory or time. It is the quickening of birth within the loins of

creation. It is the delicious ecstasy of desire that only I can satisfy." Welcome to her world. This all-too-brief collection of Aurore Leigh Barrett's writing will leave you hungry for more.

Love in Case of Emergency

Daniela Krien 2021-04-06

"Fans of Sarah Dunn, Elisabeth Egan, and Isabel Gillies will relate to the multifaceted lives of Krien's characters, brilliantly rendered in her vivid voice." -- Booklist Writing with the wry realism of Sally Rooney, one of Germany's most promising literary talents demonstrates her incisive understanding of the complexities of relationships and the depths of the human heart in this witty and compulsively readable novel about five very different women whose lives intersect. What happens when women fulfill their roles as wives, mothers, friends, lovers, sisters, and daughters? What comes next? Award-winning author Daniela Krien explores these questions in this powerful novel of friendship, love, loss, and everything in between. Krien explores the hopes, ambitions, challenges, and disappointments that shape modern women's lives, offering intimate insights on motherhood and childlessness,

bereavement, infidelity, and divorce. At the heart of the novel are five very different women who find themselves hurtling towards a new way of living without knowing quite how they got there. A fresh take on women's lives, *Love in Case of Emergency* is a punchy yet sensitive novel that takes the notion of aspiring to find happiness and connection to new and exhilarating heights. Translated from the German by Jamie Bulloch

Affective Health and Masculinities in South Africa Hans Reihling
2020-04-03 *Affective Health and Masculinities in South Africa* explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-

culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-

transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences.

Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.
