How to Support Struggling Students Robyn R. Jackson

2010-07-01 If we want our students to succeed, we cannot afford to leave to chance what happens when they do not learn. In this guide, Robyn R. Jackson and Claire Lambert take you step by step through the process of providing proactive and progressive learning support—what great teachers do to ensure that all students receive the right kind of assistance and to get those who are struggling back on track before they get frustrated and give up. Here, you'll learn how to * Support students before instruction through acceleration practices, including activating background knowledge, providing advance organizers, and focusing on key vocabulary. * Support students during instruction by

distinguishing between productive and destructive struggle, establishing "red flags" to alert you when a student's learning is headed off course, and delivering targeted interventions that quickly put struggling students back on the path to mastery. * Support students after instruction by providing appropriate remediation for the few students who have not achieved mastery. * Create a comprehensive, progressive support plan tailored to your classroom content and the students you teach. About the series Every teacher can become a master teacher with the right kind of practice and support. Each how-to guide in the Mastering the Principles of Great Teaching series focuses on one of the seven mastery principles introduced in Robyn R. Jackson's best-selling *Never Work Harder Than Your Students* and *Other Principles of Great Teaching*. The guides' self-assessments, worksheets, planning templates, process outlines, checklists, links to online resources, suggested

activities, and prompts for reflection help teachers of all experience levels apply the principles to address everyday classroom challenges and build their overall mastery mindset.

Get Better Faster Paul Bambrick-Santoyo 2016-07-25 Effective and practical coaching strategies for new educators plus valuable online coaching tools Many teachers are only observed one or two times per year on average—and, even among

those who are observed, scarcely any are given feedback as to how they could improve. The bottom line is clear: teachers do not need to be evaluated so much as they need to be developed and coached. In *Get Better Faster: A 90-Day Plan for Coaching New Teachers*, Paul Bambrick-Santoyo shares instructive tools of how school leaders can effectively guide new teachers to success. Over the course of the book, he breaks down the most critical actions leaders and teachers must take to achieve exemplary results. Designed for coaches as well as beginning teachers, *Get Better Faster* is an integral coaching tool for any school leader eager to help their teachers succeed. *Get Better Faster* focuses on what's practical and actionable which makes the book's approach to coaching so effective. By practicing the concrete actions and micro-skills listed in *Get Better Faster*, teachers will markedly improve their ability to lead a class, producing a steady chain reaction of future teaching

success. Though focused heavily on the first 90 days of teacher development, it's possible to implement this work at any time. Junior and experienced teachers alike can benefit from the guidance of Get Better Faster while at the same time closing existing instructional gaps. Featuring valuable and practical online training tools available at <http://www.wiley.com/go/getbetterfaster>, Get Better Faster provides agendas, presentation slides, a coach's guide, handouts, planning templates, and 35 video clips of real teachers at work to help other educators apply the lessons learned in their own classrooms. Get Better Faster will teach you: The core principles of coaching: Go Granular; Plan, Practice, Follow Up, Repeat; Make Feedback More Frequent Top action steps to launch a teacher's development in an easy-to-read scope and sequence guide It also walks you through the four phases of skill building: Phase 1 (Pre-Teaching): Dress Rehearsal

Phase 2: Instant Immersion
Phase 3: Getting into Gear
Phase 4: The Power of Discourse Perfect for new educators and those who supervise them, Get Better Faster will also earn a place in the libraries of veteran teachers and school administrators seeking a one-stop coaching resource.
